With over 30 years of fabrication experience, D.J.A. has evolved into a full service distributor specializing in ferrous and non-ferrous metals such as ornamental steel, aluminum, stainless steel, and brass. Furthermore, we have gate and door hardware in solid steel and stainless, furniture, commercial furnishings, and machinery. From our office and warehouse in New York, we serve the entire United States, Canada, Puerto Rico, and the Caribbean.

We are unmatched in customer service, offering endless customization options for a successful project. When you choose D.J.A., you are guaranteed quality, experienced support, and ordering flexibility.
